

You can support the

OPEN

Online Physical Education Network

MOVEMENT!

A portion of every equipment purchase from US Games supports OPENPhysEd.org.

OPEN is a Public Service of US Games

In one year US Games has provided \$6 million in curriculum to over 8,400 teachers. This public service has had a positive impact on the physical education experience of approximately 4.4 million students.

The OPEN project is a partnership between US Games and the physical education community. OPENPhysEd.org is made sustainable through your equipment purchases. That's right! None of this can happen without your support.

Say, "THANK YOU" to US Games and voice your support for equity of access for all physical educators by placing your next equipment order with a US Games sales representative. Tell the representative that you're a proud member of the OPEN Tribe and receive a special discount offer on your entire purchase.

In turn, US Games will provide you with special pricing, outstanding service, and confirmation that your contribution is making a difference in the lives of teachers and students throughout the physical education community.

**Order today from your US Games Sales Representative.
