10 Seconds of Rest  
Repeat 8 times. |
| Try something new! Eating a variety of foods from all food groups is really important. Today, try a healthy food that you’ve never tried before. |
| Walk and DON’T talk. As you walk, listen to the sounds of the world around you. Pay attention to natural sounds, machine sounds, and human sounds. Wow – the world is a really interesting place to listen. | Your activity choice! Living a healthy and active lifestyle is all about making personal activity choices. You know what you like to do to safely move your body. Go do that for at least 15 minutes. |
| JUMPING JACK TABATA | 20 Seconds of Jumping Jacks  
10 Seconds of Rest  
Repeat 8 times. |
| Take a 15-minute WOG! A WOG is a combination of WALK and JOG. Begin walking. Then, lean forward and pick up the speed just a little. It’s okay to take short, quick steps. If you can go 1 mile in just under 15 minutes, then you’ve set a good WOGGING pace. |
