Body Shapes: [YouTube]

We’re going to balance on 1 foot and slowly draw shapes in the air with our other foot. After a few minutes, we’re going to switch feet and draw with the other foot.

As you balance, focus on your breathing and practice equal breathing while you draw the shape.

If you have trouble balancing on 1 foot, it’s okay to get in a squat position, or with both feet together, and draw the objects in the air with your arm.
