I will participate in soccer physical activities to keep my body healthy.

Healthy Body

I will talk about the reason that I enjoy being physically active.

Healthy Mind

I will talk about how I feel when I practice a challenging skill.

Enjoyment & Challenge

I will control the soccer ball with my feet by pushing it out in front of me with purposeful taps.

Building Skills

Soccer is one of the most popular sports in the world. This module is designed to give young students exposure to the basic skills of passing and dribbling. In this module you will:

- Practice dribbling a soccer ball with controlled and purposeful taps.
- Practice passing a soccer ball with the inside of the foot.
- Enjoy being physically active and improving my soccer skills.
Students and families:
During the next 4 weeks, we will be learning and practicing basic skills. It’s okay if you don’t have a soccer ball at home. The team at OPENPhysEd.org has a great video showing us how to make a Hoodie-Ball using a hooded sweatshirt.

Keep this page in a safe place. It’s a checklist of everything that you will need to complete during this 4-week Soccer Nation experience! But, if there’s ever a time when you need a copy of our learning materials, you can visit: OPENPhysEd.org to download activity pages, assignments, and watch video demonstrations of the learning activities that we’ll be using in physical education class.

Grades 3-5 Physical Education Checklist for Soccer Nation

Watch the Hoodie-Ball Tutorial on YouTube.
PHYSICAL EDUCATION OBJECTIVES:
• I use controlled taps to safely dribble my soccer ball with balance.
• I will talk about what practice is and why it’s important for building skills.

SOCIAL AND EMOTIONAL OBJECTIVES:
• I will control my behavior and my movements with considerations for the safety of myself and my friends.

WELLNESS OBJECTIVES:
• I will be physically active every day for at least 60 minutes.
• I will discuss the things about soccer that I enjoy.

CONTENT-SPECIFIC PRIORITY OUTCOMES

Physical Education Priority Outcomes:
MOVEMENT SKILLS & CONCEPTS: Manipulative Skills
Students demonstrate skill competency and can apply concepts and strategies to movement and performance.
• (3) Demonstrates manipulative skills using mature patterns for accuracy and control.
• (4) Combines locomotor and manipulative skills using mature patterns for accuracy and control in static and dynamic environments.

VALUES PHYSICAL ACTIVITY: Personal Enjoyment
• (5) Analyzes different activity choices for enjoyment and identifies reasons for positive or negative responses.

Social and Emotional Learning Priority Outcomes:
SELF-MANAGEMENT: SAFETY
• (Elementary) Defines and applies strategies for impulse control as well as emotional and behavioral regulation with consideration for self and others.
PHYSICAL EDUCATION OBJECTIVES:
- I will pass to a target by stepping to the target, using a controlled kick with the inside of my foot, and following through to the target.
- I will focus on safety and good form while I practice passing skills.

SOCIAL AND EMOTIONAL OBJECTIVES:
- I will control my behavior and my movements with a focus on safely improving my skills.

WELLNESS OBJECTIVES:
- I will be physically active every day for at least 60 minutes.

CONTENT-SPECIFIC PRIORITY OUTCOMES

Physical Education Priority Outcomes:
MOVEMENT SKILLS & CONCEPTS: Manipulative Skills
Students demonstrate skill competency and can apply concepts and strategies to movement and performance.
- (3) Demonstrates manipulative skills using mature patterns for accuracy and control.
- (4) Combines locomotor and manipulative skills using mature patterns for accuracy and control in static and dynamic environments.

VALUES PHYSICAL ACTIVITY: Personal Enjoyment
- (5) Analyzes different activity choices for enjoyment and identifies reasons for positive or negative responses.

Social and Emotional Learning Priority Outcomes:
SELF-MANAGEMENT: SAFETY
- (Elementary) Defines and applies strategies for impulse control as well as emotional and behavioral regulation with consideration for self and others.
WEEK 3 of 4 STUDENT LEARNING OBJECTIVES (3-5)

PHYSICAL EDUCATION OBJECTIVES:
• I will pass to a target by stepping to the target, using a controlled kick with the inside of my foot, and following through to the target.
• I will practice all soccer activities with a focus on control and balance.

SOCIAL AND EMOTIONAL OBJECTIVES:
• I will give active effort in improving my soccer skills.
• I will use positive self-talk words during challenging activities.

WELLNESS OBJECTIVES:
• I will be physically active every day for at least 60 minutes.
• I will play the Soccer Fortune Teller with a friend or family member.

CONTENT-SPECIFIC PRIORITY OUTCOMES

Physical Education Priority Outcomes:
MOVEMENT SKILLS & CONCEPTS: Manipulative Skills
Students demonstrate skill competency and can apply concepts and strategies to movement and performance.
• (3) Demonstrates manipulative skills using mature patterns for accuracy and control.
• (4) Combines locomotor and manipulative skills using mature patterns for accuracy and control in static and dynamic environments.
VALUES PHYSICAL ACTIVITY: Personal Enjoyment
• (5) Analyses different activity choices for enjoyment and identifies reasons for positive or negative responses.

Social and Emotional Learning Priority Outcomes:
SELF-MANAGEMENT: EMPOWERMENT
• (Elementary) Defines personal motivation and discusses how motivation can impact personal and academic goals.
WEEK 4 of 4 STUDENT LEARNING OBJECTIVES (3-5)

PHYSICAL EDUCATION OBJECTIVES:
• I will play Soccer Bocce with a friend or family member and discuss reasons why I enjoy different physical activities.

SOCIAL AND EMOTIONAL OBJECTIVES:
• I will give active effort in improving my soccer skills.
• I will enjoy being active.

WELLNESS OBJECTIVES:
• I will be physically active every day for at least 60 minutes.
• I will use the chance to play the Soccer Fortune Teller with a friend or family member to relax and enjoy being physically active.

CONTENT-SPECIFIC PRIORITY OUTCOMES

Physical Education Priority Outcomes:
MOVEMENT SKILLS & CONCEPTS: Manipulative Skills
Students demonstrate skill competency and can apply concepts and strategies to movement and performance.
• (3) Demonstrates manipulative skills using mature patterns for accuracy and control.
• (4) Combines locomotor and manipulative skills using mature patterns for accuracy and control in static and dynamic environments.

VALUES PHYSICAL ACTIVITY: Personal Enjoyment
• (5) Analyzes different activity choices for enjoyment and identifies reasons for positive or negative responses.

Social and Emotional Learning Priority Outcomes:
SELF-MANAGEMENT: HEALING
• (Elementary) Identifies and practices stress management strategies related to personal and community healing.
**WEEK 1 of 4**

**Control:** To manage or regulate the movement or actions of something.

_Sammi worked to control her body and the ball as she dribbled through the cones._

**Teacher Says Soccer:** [YouTube]

Every student has a soccer ball. Teacher Says is just like Simon Says, but you only do the tasks that “Teacher Says.”

If you don’t hear “Teacher Says” then you keep doing the activity that you are already doing.

For task ideas, teachers can use the Teacher Says Activity Sheet on OPENPhysEd.org.

---

**Purposeful Practice**

**WEEK 1 of 4**

**Dribble:** Moving a ball under the control of a single player. Soccer requires foot dribbling. Basketball requires hand dribbling.

_Joshua’s ball control skill helped him dribble around defenders._

**Soccer Ski Slalom:** [YouTube]

You need 7 cones or plastic cups, 1 ball, and a stopwatch.

Set up the cones in a line with 5-10 feet between them. One end is the start/finish line. The object is to see how quickly you can weave through the cones, turn around at the end, and weave back to the start/stop line. Stop the clock when the player crosses the line (not the ball). Add 3 seconds if you miss or knock into any cones.

---

**Just for Fun (and health)**

**WEEK 1 of 4**

**Practice:** To perform an activity or exercise repeatedly and/or regularly in order to improve or maintain skill.

_Becoming a skilled soccer player requires practice and determination._

**Soccer Red Light, Green Light:** [YouTube]

We’re going to wrap up today playing Soccer Red Light, Green Light. I’m going to give you a foot skill drill to perform (like toe taps). When I say, “Green Light!” perform the drill. When I say, “Red Light!” stop and freeze with 1 foot on the top of the ball.

Score 1 point every time you stop and freeze perfectly.
Target: An object selected as the aim of attention, a pass, or an attack.

Obi was the target of Sandi’s pass.

Teacher Says Soccer: [YouTube]
Every student has a soccer ball. Teacher Says is just like Simon Says, but you only do the tasks that “Teacher Says.”

If you don’t hear “Teacher Says” then you keep doing the activity that you are already doing.

For task ideas, teachers can use the Teacher Says Activity Sheet on OPENPhysEd.org.

Pass: To move an object from one space to another.

The team moved the ball quickly down the field with each accurate pass.

Target Practice: [YouTube]
Scatter large cones around the activity area. If you’re at home you can use chairs, a couch, or other large pieces of furniture that are safe to hit with a ball (ask an adult).

Use your passing skills to pass the ball, under control and on the ground, to hit the targets. Each hit is 1 point.

Pass from one target to the next. For 1 minute. Count your score. Then, try again for another minute. Can you beat your score?

Focus: To pay close attention to someone or something.

It’s important to focus on good form when you’re practicing soccer skills.

Walk the Soccer Dog: [YouTube]
Your soccer ball is a soccer dog, and it needs to go outside. On the start signal, take it for a slow walk by using slow and controlled dribble taps to move around the activity area at a walking pace.

When you hear “Fire Hydrant!” Stop and put your foot on top of the ball to hold it in place. Continue a walking dribble on the restart signal.
Challenge:

Something that presents difficulty and requires effort to master or achieve.

The students enjoyed the challenge of the soccer drills they practiced in class.

Soccer Fortune Teller:

[YouTube for Game Play]
[YouTube for Fortune Teller Folding]

Cut and fold the Soccer Fortune Teller. Then, play the Fortune Teller game and complete the soccer drills as a warmup.

Be sure to read the healthy food facts on the fortune teller each time you play the game. Share those facts with a friend or family member.

Determination:

A strong feeling about the purpose of a goal that gives motivation for accomplishing that goal.

Akinyi’s determination helped push her to practice and improve her dribbling skills.

Soccer Red Light, Green Light:

[YouTube]

We’re going to wrap up today playing Soccer Red Light, Green Light. I’m going to give you a foot skill drill to perform (like toe taps). When I say, “Green Light!” perform the drill. When I say, “Red Light!” stop and freeze with 1 foot on the top of the ball.

Score 1 point every time you stop and freeze perfectly.
**Brain & Body Warm-Ups**

**WEEK 4 of 4**

**Routine**: A set sequence of steps. A task that is repeated daily, weekly, or at some consistent interval.

*Iman practiced the same warm-up routine before every practice.*

**Soccer Fortune Teller**:  
[YouTube for Game Play]  
[YouTube for Fortune Teller Folding]

Cut and fold the Soccer Fortune Teller. Then, play the Fortune Teller game and complete the soccer drills as a warmup.

Be sure to read the healthy food facts on the fortune teller each time you play the game. Share those facts with a friend or family member.

---

**Purposeful Practice**

**WEEK 4 of 4**

**Enjoy**: Having positive feelings caused by doing or experiencing something you like.

The class knew that they would enjoy the soccer activities that Ms. Williams had planned.

**Soccer Bocce**: [YouTube]

Every player has a soccer ball. The group needs 1 bean bag, or sock ball. The youngest player starts by tossing this bean bag or sock ball (this is the “jack”). The object is for each player to use a push pass to get their ball closest to the jack. Points are awarded for distance to the jack: within 1 step = 3 points; within 2 steps = 1 point. How quickly can you score 10 points?

---

**Just for Fun (and health)**

**WEEK 4 of 4**

**Physical Activity**: Any physical movement that uses the body’s energy.

*It’s important to make physical activity a part of your daily routine.*

**Walk the Soccer Dog**: [YouTube]

Your soccer ball is a soccer dog, and it needs to go outside. On the start signal, take it for a slow walk by using slow and controlled dribble taps to move around the activity area at a walking pace.

When you hear “Fire Hydrant!” Stop and put your foot on top of the ball to hold it in place. Continue a walking dribble on the start signal.
Brain & Body Warm-Ups
Today is the first lesson in our OPEN Soccer Nation physical education module. We’re going to practice dribbling a soccer ball with control and balance. Let’s start to warm up by playing a game called Teacher Says Soccer. This game is just like Simon Says, except you’ll listen for “Teacher Says.” If I give you an activity without saying the magic word, just keep doing the activity from the last instruction.

We’ll start the game when I say, “Teacher says, tap your toes on the top of the soccer ball.” Because I said Teacher Says, you’ll follow that direction. Now, listen to my instructions, control your body, and keep control of the soccer ball.

Purposeful Practice
During our Purposeful Practice time, we will learn and practice our dribbling skills. Dribbling is one way that we move the ball up and down the field in a game of soccer. It’s important to use controlled and purposeful taps to control the ball. We’re going to start at a walking pace and work our way through a Soccer Ski Slalom course!

You and your partner have 7 cones set up to create a Ski Slalom course. On the start signal, one player will walk and dribble through the course (down and back). When you return, the next player will go at a walking pace. We’ll all practice 3 times, each time increase the speed just a little.

Next, everyone will get two race trials. Each pair has a stopwatch. Time your partners as they move through the course. Your fastest time out of the two trials is your personal best.
(Teachers, if you only have 1 stopwatch, use a countdown timer. All students are working to make it back through the course before the time expires. Then, see if they can beat that time in trial two. Be sure to set a time that all students can beat.)

Just for Fun (and health)
We’re going to continue teaching our feet to use controlled touches on the soccer ball with a fun game of Soccer Red Light, Green Light!

We’ll start the game using right- and left-foot toe taps on the top of the ball. We’ll change drills in our next round. The object is to do the toe taps when I say Green Light and then to freeze with one foot on the ball when I say Red Light!

Score 1 point every time you stop and freeze perfectly.

Great job today! Let’s recap what we accomplished. First, we practiced self-control and ball-control. We used our feet to make purposeful taps on the ball to control where it went (or where it stayed). Next, we practiced that ball-control and our dribbling skills in the game of Volcanos. And finally, we practiced everything that we learned about self-control and ball-control in a fun game of Red Light, Green Light.

As you work to get 60 minutes of physical activity every day, you can use your OPEN Soccer Nation Choice Board to play these practice drills at home.
BRAIN & BODY WARM-UP

CONTROL: To manage or regulate the movement or actions of something.

*Sammi worked to control her body and the ball as she dribbled through the cones.*

TEACHER SAYS SOCCER

Every student has a soccer ball.

One player is the Teacher. Teacher Says is just like Simon Says, but you only do the tasks that “Teacher Says.”

If you don’t hear “Teacher Says” then you keep doing the activity that you are already doing.

For task ideas, teachers can use the *Teacher Says Activity Sheet* on OPENPhysEd.org.
BRAIN & BODY WARM-UP

**CHALLENGE:** Something that presents difficulty and requires effort to master or achieve.

_The students enjoyed the _**challenge**_ _of the soccer drills they practiced in class._

**SOCCER FORTUNE TELLER**

Cut and fold the Soccer Fortune Teller.

Then, play the Fortune Teller game and complete the soccer drills as a warmup.

Be sure to read the healthy food facts on the fortune teller each time you play the game.

Share those facts with a friend or family member.
PURPOSEFUL PRACTICE

**DRIBBLE**: Moving a ball under the control of a single player. Soccer requires foot dribbling. Basketball requires hand dribbling.

*Joshua’s ball control skill helped him dribble around defenders.*

**SOCCER SKI SLALOM**

You need 7 cones or plastic cups, 1 ball, and a stopwatch.

Set up the cones in a line with 5-10 feet between them. One end is the start/finish line. The object is to see how quickly you can weave through the cones, turn around at the end, and weave back to the start/stop line.

Stop the clock when the player crosses the line (not the ball). Add 3 seconds if you miss or knock into any cones.
PURPOSEFUL PRACTICE

PASS: To move an object from one space to another.

The team moved the ball quickly down the field with each accurate pass.

TARGET PRACTICE

Scatter large cones around the activity area. If you’re at home you can use chairs, a couch, or other large pieces of furniture that are safe to hit with a ball (ask an adult).

Use your passing skills to pass the ball, under control and on the ground, to hit the targets. Each hit is 1 point.

Pass from one target to the next. For 1 minute. Count your score. Then, try again for another minute. Can you beat your score?
PURPOSEFUL PRACTICE

SKILL: The ability to do something well.

_Eliana improved her soccer skills each time that she practiced._

**SOCCER BOWLING**

To play, you will need 1 soccer ball and 1 plastic bowling pin (or 2 cups).

The object of the game is to score points by knocking down the pin that is 4 to 10 feet away from you. Start with the pin close. Each time you knock it over, take a step back before you try again. How far apart can you be and still knock down the pin. The ball must stay controlled and on the floor.
PURPOSEFUL PRACTICE

ENJOY: Having positive feelings caused by doing or experiencing something you like.

*The class knew that they would enjoy the soccer activities that Ms. Williams had planned.*

SOCCER BOCCE

Every player has a soccer ball. The group needs 1 bean bag, or sock ball.

The youngest player starts by tossing this bean bag or sock ball (this is the “jack”). The object is for each player to use a push pass to get their ball closest to the jack.

Points are awarded for distance to the jack: within 1 step = 3 points; within 2 steps = 1 point. How quickly can you score 10 points?
JUST FOR FUN (AND HEALTH)

PRACTICE: To perform an activity or exercise repeatedly and regularly to improve or maintain skill.

_Becoming a skilled soccer player requires practice and determination._

**SOCCER RED LIGHT, GREEN LIGHT**

It’s time to play Soccer Red Light, Green Light. I’m going to give you a foot skill drill to perform (like toe taps). When I say, “Green Light!” perform the drill. When I say, “Red Light!” stop and freeze with 1 foot on the top of the ball.

Score 1 point every time you stop and freeze perfectly.
JUST FOR FUN (AND HEALTH)

FOCUS: To pay close attention to someone or something.

It’s important to focus on good form when you’re practicing soccer skills.

WALK THE SOCCER DOG

Your soccer ball is a soccer dog, and it needs to go outside. On the start signal, take it for a slow walk by using slow and controlled dribble taps to move around the activity area at a walking pace.

When you hear “Fire Hydrant!” Stop and put your foot on top of the ball to hold it in place. Continue a walking dribble on the restart signal.

Add new “tricks” for the dog to do. For example, “Jump Over!” Everyone jumps over their ball side-to-side.
Hang this choice board near your safe physical activity space. Choose an activity, get active, and have fun!

*Eliana improved her soccer skills each time that she practiced.*

Target: An object selected as the aim of attention, a pass, or an attack.
*Obi was the target of Sandi’s pass.*
Physical Activity & Personal Health

Question Set 1
1) What does control mean?
2) What do you know about controlling a soccer ball?
3) How is your body control related to soccer dribbling?

Question Set 2
1) What is a target?
2) What do you know about passing to a target in soccer?

Question Set 3
1) What is a challenge?
2) What have you learned that was a challenge for you?

Question Set 4
1) What is balance?
2) How do your focus and attention affect your balance as you dribble through the Soccer Ninja Course?

Social & Emotional Health

Question Set 1
1) What is self-control?
2) How does your self-control affect your classmates?

Question Set 2
1) What are some ways that we can control our personal behavior?
2) What do you notice about our class time when everyone works to control their personal behaviors?

Question Set 3
1) How do you face a challenging task?
2) How do the words that you say to yourself affect the way that you face a challenge?

Question Set 4
1) What does it mean when you enjoy something?
2) What physical activities do you enjoy?
3) How can you help others enjoy physical activity?
SOCCER NATION
How did it go?

Give a thumb to give your answer.

- As a class, did we work safely?
- Did you use safe and controlled taps to dribble your soccer ball?
- As a class, did we behave in a way that was helpful to others?
- During the week, did you behave in a way that was helpful at home?
SOCCER NATION

How did it go?

Give a thumb to give your answer.

- As a class, did we follow directions?

- Did you work with a focus on improving your skills?

- As a class, did we show consideration for one another?

- Did you demonstrate consideration for others?
As a class, did we focus on improvement though practice?

Did you focus on skill cues for passing and dribbling?

As a class, did we use positive words to communicate?

Did you use positive words in your self-talk?
SOCCER NATION

How did it go?

Give a thumb to give your answer.

- As a class, did behave in a way that helped others enjoy physical activity?

- Did you enjoy being physically active?

- As a class, did we help each other learn?

- Did you focus on improving your soccer skills?
**WEEK 1:** Use this activity log to track your physical activity minutes. Have an adult sign their initials next to each day that you complete 60 minutes.

**Go Be Great Goal:** Get 60 minutes (or more) of physical activity every day.

> Think about the physical activities that you did this week. Which activity did you enjoy the most?
SOCCER NATION
Activity Log

WEEK 4: Use this activity log to track your physical activity minutes. Have an adult sign their initials next to each day that you complete 60 minutes.

Go Be Great Goal: Get 60 minutes (or more) of physical activity every day.

> There are many reasons to learn new skills. Make a list of your reasons for learning a new skill.
SOCCER NATION
Soccer Skill Cues

DRIBBLING

• Eyes Up with Quick Looks at the Ball
• Push the ball forward with Controlled and Purposeful Taps
• Move to the ball
• Tap again with Controlled and Purposeful Taps

PASSING

• Step to the Target (non-kicking foot)
• Use a Firm and Controlled Kick
• Strike the Center of the Ball with the inside of your foot (like a putter)
• Follow Through to the Target
**Universal Design for Learning** (UDL) is a strategy for eliminating instructional and environmental barriers for every member of a learning community to meet the needs of all students across the continuum of physical, intellectual, and emotional abilities.

The table below offers UDL adaptations and suggestions.

<table>
<thead>
<tr>
<th>Equipment</th>
<th>Rules</th>
<th>Environment</th>
<th>Instruction</th>
</tr>
</thead>
<tbody>
<tr>
<td>• Use a variety of different soccer balls (size, material, weight, colors, etc.). Allow students to explore and choose from the options.</td>
<td>• Change directions and expectations to reflect equity of skill acquisition, mobility, and fitness level.</td>
<td>• Visually mark/define space in the activity area with visual markers like cones, spot markers, visual signs/cues.</td>
<td>• Be flexible. Adjust as needed. One size doesn’t fit all.</td>
</tr>
<tr>
<td>• Use large, brightly colored organizational markers to help students maintain safe distances from their peers.</td>
<td>• Vary movement expectations to increase equity. For example, allow different dribbling and passing alternatives.</td>
<td>• Adjust lighting (e.g., brighter or lighter).</td>
<td>• Establish consistent, predictable routines.</td>
</tr>
<tr>
<td>• Use different colored cones or spots to identify activity and lap areas.</td>
<td>• Adapt body positioning to student needs. For example, modify the activity to move while sitting, lying, or prone.</td>
<td>• Visual pathways for travel using spot markers, floor markings, wall markings, and other visual cues.</td>
<td>• Be concise. Speak slowly &amp; clearly with a well-defined beginning &amp; end.</td>
</tr>
<tr>
<td>• Use spot markers to create travel routes.</td>
<td></td>
<td></td>
<td>• Give 1-step vs multiple-step directions.</td>
</tr>
</tbody>
</table>

When UDL adaptations are not enough for accessing and developing equitable learning activities and assessments, and you feel that you need to do more for individual students, reach out to providers on the students’ IEP Teams. You can also reach out to your school’s curriculum resource department in order to see how else you can modify instructional delivery to meet students’ needs. Students who have an IEP or a 504 will oftentimes have specific modifications and accommodations in their IEP based on individual needs.
1. Cut the large outside square of the fortune teller.
2. Fold in half and in half again – in the opposite direction.
3. Open out. Turn over so the top is blank. Fold each corner into the middle.
4. Turn it over and repeat.
5. Turn so you can see the pictures, fold each corner to create a square showing 4 pictures.
6. Fold so words come together and touch.
7. Slide thumb and pointer finger under pictures and all pictures together in fortune teller form.
8. You’re ready to use the fortune teller!

**DRIBBLE**

- Dribble forward with 5 touches, turn and dribble back.

**BLUEBERRY**

- Blue fruits & veggies help keep your brain healthy and sharp.

**PASS**

- Stack 2 cups 10 feet away. Pass to knock down the cups.

**SPINACH**

- Green fruits & veggies help keep your eyes healthy.

**STRAWBERRY**

- Red fruits & veggies keep your immune system strong.

**JUGGLE**

- Do 25 alternating toe taps on the top of your ball.

**GRAPES**

- Purple fruits & veggies lower your risk of heart disease.

**BALL CONTROL**

- Stack 2 cups 10 feet away. Pass to knock down the cups.
