

Create a Drill Worksheet: Development Steps

Your team is taking over as the teacher! You will create a drill or game to improve your team's Basketball skills. Please be prepared to demonstrate and teach your new drill or game to the other teams.

Development Considerations:

- What type of game do you want to create?
- What equipment will you need?
- How will teams or groups be determined?
- What are the rules? Must include a minimum of 5 rules.
- How do you score or earn points?
- Is there a time limit?

Complete the chart below:

Name of Drill/Game	
Equipment Needed	
Rules	1.
	2.
	3.
	4.
	5.
How to Score	
Diagram of Area Needed (include boundaries)
