

## EVENT OVERVIEW

### ABOUT THE SNOWMAN CHAMPIONSHIPS:

Get ready to kick off a month of winter-themed excitement and teamwork with the Snowman Championships! This interactive event is designed for both the classroom and physical education gymnasium. Activities and lessons bring students together through fun, snowman-inspired challenges that build leadership skills, foster community, and strengthen school spirit. Each day, students will take part in engaging activities that encourage collaboration, kindness, and creativity, whether in the classroom or in the gym.

Our main objectives are simple but powerful:

1. **Build teamwork and leadership:** Every activity promotes cooperation and gives students the chance to shine.
2. **Encourage social awareness and relationships:** We're building bonds that go beyond the classroom, helping students connect and support each other.
3. **Develop school spirit and community pride:** Through acts of kindness, school spirit challenges, and team-based games, we're strengthening the sense of belonging that makes our school community special.
4. **Promote health-enhancing physical activity:** Daily movement and activity are woven into the fun, with exciting physical challenges that keep students energized.
